

## 4.6 My Telescope

- Listen and repeat.

I bought myself a telescope,  
To look into the sky.  
To see the solar system,  
And the comets whizzing by.  
I search the sky for planets,  
for satellites and stars,  
And now I've got a telescope,  
They don't seem very far.

It's brought them very close to me,  
It's made the stars my friends...  
Except, of course, when I make a mistake,  
And look through the wrong end!

– Tony Bradman

- a. What do you see in the sky?
- b. Draw a starry sky and colour it.

- Look and say.
